For remaining amount you'll receive tax receipt.

Our hope is that with time all money that you donated will benefit your charity and we can provide bigger gifts, incentives and prize money for players as well.

Sending your entry form:

You can mail it, fax it, or e-mail it to us along with or even before your financial commitment as long as we'll receive the payment not later than by deadline.

Donating through us:

When you are donating through us, you can make your payment as one amount (your donation plus \$150), or you can make it as two separate amounts (one for your donation, payable to your charity and second one for \$150, payable to us) – preferable. We will forward your donation amount for you, to a charity, which you'll specify on the entry form.

Donating by yourself:

When you are donating to your charity by yourself and not through us, please mention that it's an entry fee for Racquetlon. This will help us to build relationship with charities and acquire volunteers working with those organizations to help us run our event. Thank you for your understanding and support.

You need to donate in the same year you play. If you donated at the beginning of that year please include copy of your donation receipt along with your entry form. All you need to pay then is remaining \$150 to cover costs described above.
